I worked with John many years ago in Connecticut. I remember him as a fun, kind individual and someone I felt was a mentor to me as I adventured into the IT world.

Ann - I am so very sorry for your loss. I have so many wonderful memories of your dad…mostly involving sailing on the Long Island Sound. Thank you for sharing your sweet dad with us, and sending you a big, big hug❤️.

John was a funny, fabulous, friend. The times together were many. Sailing the New England and the Caribbean waters will always be at the forefront, but then again so would the thoughts of a rainy Sunday searching for a restaurant with great Clam Chowder. Honey Bunny, we will love u always, Roger and Jan
