“ To Joe and all of the Barlow family, I am so sorry for your loss.

Karen was a business consultant for my surgical practice for many years, and she was very good at what she did. What you might not know is that at the end of every meeting she would take several minutes and tell me about the most recent developments in her loved family. And then, invariably, the smart phone would come out, and Karen would show me several of the most wonderful family photos she carried with her. And she would smile and giggle. How cool that was for her...and for me, too.

So Karen, know this. We won't forget you. We will pray for your soul. And, truth be told, I bet she is showing those beautiful photos of her family, and telling those stories to the other angels in heaven right now.

Thank you for letting me know you. May you Rest In Peace Karen.

“ Dear Joe, Adam, Stephanie and Alan,

Please accept my deepest sympathy on the passing of our beloved Karen. There has never been a better wife, mother, grandmother or friend. Even in business, Karen said “family comes first”, and she meant it. She did so much for so many. I will never forget my beautiful friend.

“ The news of Karen's death touched me deeply. She was such a beautiful soul, so giving and loving. We were friends when I lived in Jupiter, and I even worked for her at one time. She loved “cool” temps in hot weather. I often wore a coat at my desk and went outdoors at lunch to thaw out. I loved working for her and sharing holiday meals with her. Love and hugs to all of the Barlow family. Phyllis Price, Blacksburg, VA
