“ I have been going to Deepwood Lodges for over 30 years, and for the last 8 have taken our son as well. What Nita and Howard started so long ago, seems to live on for new generations to enjoy. May their original vision and success continue to wow and amaze people for generations to come. Deepwood Lodges seems timeless, just the way Nita and Howard would want it to be....I am sure they are smiling down on the land in New Hampshire and smiling, reliving memories of the past, and watching new ones being born. She will be missed by all who knew here.

“ My dad Bill, told me that I reminded him of my Aunt Nita. The times we spent together I still remember. I was very young, but she was such a joy to have around. One of the funnest things I remember is when she barked when she got a chill. Rest in Peace. Love always,

“ Although I had not seen Aunt Nita in many years, I fondly remember her wonderful sense of humor and her love for dogs. It is with much regrets that I didn't visit with her before she passed. I love her and will never forget her.

Thank you Richie and Mary for taking care of her.

Love, Ginny
