“ We will so fondly remember Mrs. Juran as an important part of our youth growing up in River Grove.

*...memories of Anne walking over with a shopping back full of books as she shared a love of reading with mom.*

*..... I can see Anne sitting in the front row of church ( St. Cyp's)*

*..... or see her poker face as her wild boys did something goofy in their always fun to be in back yard.*

*..... there are very few, if any, phone numbers that are embedded in my head from my youth, but 708-453-5113 is certainly one of them- we had to call over all the time to fetch a Scalise home for supper. Likewise we would pick up our ringing phone as a Juran was instructed to go home for supper.*

*Thank you Anne, for being a respected presence in our River Grove lives.*
