“ *I remember playing touch football with Arnold when we were kids. I always thought he was special. Because the Lord cares, we are comforted. Because he loves us, we are never alone. I share your loss and send my love and deepest sympathy to Arnold's family.*

“ Buddys growing up and friend for life.
I will miss visiting him in florida and his family.
I want to share this saying I received after my wife died.

Just because you said goodbye to someone you love doesn't mean that they still can't inspire or affect your future in a positive way. You take them with you wherever you go, and they will always be a part of you, So try to switch from sadness to happiness that you ever got to know them in the first place.

My condolences to the family.

“ I will remember all of the wonderful family times we had together. Such a wonderful and giving man. We often tell our friends how wonderful Arnie was as a father, friend and husband. He will be missed by every one he touched in his life. I am amazed at how Jeff looks like Arnie in this picture. May his family continue to love each other as they do today and always. All of love is with you.

“ My deepest and heartfelt condolences to the Moretto family. I pray that Mr. Moretto is at peace and that his family be given God's strength and love during this difficult time. One of my fondest memories of Mr. Moretto was jokingly trying to get him to race our family on our golf cart when we would seem him out and about on his. We will miss him riding around the neighborhood with Mandi in tow.
