“ I have so many fond memories of Carol and her family over the years! I often came down to visit with my dear friend Bonnie and would visit with Carol and Bob when they lived in Jupiter. Carol was always so friendly and welcoming. She made me feel like I was part of the family! She was a wonderful lady and will truly be missed!

“ *My grandma Carol meant so much to me. Although a disease took part of her mind which changed the way our relationship worked; I know in her heart that she loved me and my entire family and her spirit was never broken.*

She was a wonderful mother to my mother, and a great grandmother to me. She always corrected me on right from wrong, and made sure I made a connection wherever we would go. I remember how much she liked to laugh and make others do the same. I wish I would have gotten to spend more time with the woman I remember and I know if i had that she would've had a tremendous impact on the person I grew up to become. I will miss and love her forever.

“ *I remember Carol in the younger days up north when Dee Dee and I would babysit the kids for her and Bob. Carol was always so cheerful and such a good hostess . Later in life we all ended up in Florida and did still get to meet up occasionally. Carol was such a happy person, always making you laugh. My thoughts and prayers go out to her wonderful family and all who were blessed enough to know her. Rest in peace beautiful lady, you will forever be in our hearts.*

“ *As a sister, Sissy was the best friend I ever could've wished for. We had so much fun when traveling and celebrating our birthdays together with Bob. She was the best cook and hostess when entertaining at her home. She was always the life of the party, and she never knew a stranger. Whenever I needed help with moving or shopping, she was there for me. I miss her so much but I know she will be looking out for me. I am certain she will rest in eternal peace. Love DeDe*

“ *My Mom meant everything to me. Through the highs and lows of my life she was always there for me; listening, being patient, supportive and eager to make my life better.*

Carol did all this in a seamless and caring way. Sometimes months or years would pass and I would think back on something she said or did and realized later, just how loving and selfless that gesture or action was.

Some people are not appreciated in their time on Earth.

Fortunately, for My Mom, she was. And knowing how memories last, she will be remembered fondly for many years to come by a great many people who had the privilege of knowing her.

“ *My mother was my sounding board, she was the one I called when I had great news or sad news. She made me feel better in an instant. I have missed that over the last 10 or so years. Although she is physically gone, I know she is free from the grips of Alzheimer's, and is still guiding me.*
