“ Chuck, your 1960/1961 (8-1/8-0-1) St, Stephens football teammates will miss you and your never changing "GET down! GET set! GET one!" snap counts. We never could have been 16-1-1 without your leadership, true friendship, and "thumb on the threads" football grip. Leo and I will never forget lining up and looking at you across Taylor's backside. Keep on hitting them straight and long. Say hello to Sleepy, Shep, Patty, and Joe for us. May the hearts of the Shepherdson family be full of wonderful memories of Chuck's well-lived life.

“ Oh Chuck! How I loved my childhood spent with you and Sharon. You were always so kind to me, looked after me as if I was your own. I can hear your voice now calling Sharon "bug" and see you driving the red MB convertible or the Acura. Sharon, my heart goes out to you and your family. A daddy's girl myself, I know all too well the pain of this loss. I'm praying for the entire Shepherson family, what a loss!
