“ Cindy and I became good friends, back in MA. Both in each others weddings, meeting through my childhood Nahant friend Phil. Wild ones Cindy and I were together, living life to the fullest. So sorry to know about Cindy’s passing, many years ago.

“ I will always remember Cynthia as a vivacious, fun-loving friend; always positive and enthusiastic. She was the only one shorter than I was in our 4th grade class photo at North Street School. We were together at St. Mary's High School in Freshman and Sophomore years before the girl's high school opened. I was very saddened to learn of her passing.

“ I am deeply saddened by Cynthia's passing of which I recently have learned. I remember her so well from our short time together as classmates at St. Mary's High School in Greenwich. I sat next to her in Freshman homeroom and, as so many others, took an immediate liking to her. We worked together on several school projects during our Freshman and Sophomore years. She was so much fun to work with. I regret that St. Mary's was split into boys-only and girls-only campuses as Cynthia was someone I would have liked to better know. My belated condolences to her family.

“ I'm so sorry to hear of your loss. I have not seen Cindy for a very long time. However, I have only happy memories of knowing her. I remember clearly how upbeat and positive she always was. And, of course, I clearly remember the fun we all had at the wedding.

I also went to high school with Babetta, so I feel I've known the Paterno family for a very long time.

My sincere condolences to all of you.

“ Pocas oportunidades tuvimos de vernos pero fueron lo suficientemente intensas para saber que eras una gran mujer. Lamento la tardanza y tengo la certeza de que estás donde estás, te habrán reservado un sitio especial para ti. Deseo algún día poder vernos de nuevo.

“ Perhaps they are not stars, but rather openings in heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy.

“ Cindy, I will miss you. From the moment I met you 10 years ago you have always been there whenever I needed you or called. I am so happy you got to go on your last vacation to Europe and Israel, you were so excited, so happy and had such a great time. I am sorry we never made that lunch we talked about and you were going to tell me all about your trip!
Thank you kiddo - for everything!
To your family - I am so sorry for your loss.

“ Amanda, I know your heart is heavy and you have been dealing with so much pain. I know you and I haven't worked with each other long, but I am here for you, to talk, to listen to lend a shoulder. I do believe that our loved ones come to visit us in our dreams and that when you see butterflies they are near. As I read the beautiful memories and stories of your Mom's life I have no doubt that she will be with you and guiding you in every step of your life. I know she has returned to her beautiful self, no more pain and I am certain she would want you to celebrate her life and to continue living yours. A scripture for your family... "And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away." A song by Josh Groban, "To Where You Are"... Who can say for certain Maybe you're still here I feel you all around me Your memories so clear Deep in the stillness I can hear you speak You're still an inspiration Can it be That you are mine Forever love And you are watching over me from up above Fly me up to where you are Beyond the distant star I wish upon tonight To see you smile I only for awhile to know you're there A breath away's not far To where you are Are you gently sleeping Here inside my dream And isn't faith believing All power can't be seen As my heart holds you Just one beat away I cherish all you gave me everyday 'cause you are mine Forever love Watching me from up above And I believe That angels breathe And that love will live on and never leave Fly me up To where you are Beyond the distant star I wish upon tonight To see you smile I only for awhile To know you're there A breath away's not far To where you are I know you're there A breath away's not far To where you are "You're entire family is in my thoughts and prayers, to lift your heart and lessen the pain. With much love, Connie, Ernie & Girls

“ Amanda, please know that my heart goes out to you and your family at this time in your lives. I did not know your mother, but if she is anything like you, she must have been a beautiful person. Please let me know if there is anything that I can do for you or your family. Remember the saying "that God works in mysterious way". He is there for you and your family. Beverly

“ You were such a big part of my life growing up and I'm sitting here smiling about all the memories we had and how much trouble Matt and I got into (some good, some not so good :)) You always made me feel like I was part of the family and I love you guys so much. When I close my eyes and think back on my memories with you I can still hear your voice and see your smile. You will always have a special place in my heart.
