### DANIEL SCOTT FRANK

It is with great sadness that we announce the passing of Daniel Scott Frank, 48, on June 6, 2023. Daniel was a beloved husband, father, son, brother, and friend, who will be fondly remembered for his unwavering devotion to his family and community.

Daniel is survived by his loving wife, Kathleen Frank and their sons, Dane and Braden Ventura. He is also survived by his parents, Daniel and Agnes Frank, as well as his sister, Angela Gutierrez and her husband Joshua along with his nieces Isabella and Giada Gutierrez. His family was the cornerstone of his life, and his loyalty and dedication to them were unparalleled.

With a strong work ethic and an enduring passion for education, Daniel began his career at William T. Dwyer High School in 1998 as a science teacher. Through hard work and perseverance, he proved himself to be a talented leader and went on to become the principal of Jupiter Community High School in 2015. He continued his educational leadership journey with St. Lucie Public Schools in 2016, most recently serving as Chief of Schools. Over the years, he worked tirelessly to make a difference in the lives of his students and colleagues.

Daniel's personality was characterized by his loyalty, hard work, and devotion to those around him. He was always willing to lend a helping hand and believed in the importance of working hard and taking care of the people you love. This made him a cherished member of his family, workplace, and the

greater community.

The legacy Daniel leaves behind is one of steadfast duty to his family and community. His tireless work ethic, commitment to education, and wholehearted devotion to those he loved will serve as a guiding light for those who had the privilege of knowing him. Daniel's memory will live on in the hearts and minds of all who were touched by his kindness, generosity, and love.

“ Over the years, Dan was both my client and my friend. I always appreciated his humor, kindness, and sincerity, as well as his dedication to being the best educator he could be. I looked forward to working with him annually, and our professional relationship eventually grew into a friendship where I occasionally sought his advice. Though we never had the chance to meet in person, I still think of him today.

“ I was in one of Mr. Frank's earth space science class, a freshman class, so everything was new to us! I think it maybe one of his first classes in his teaching career at Dwyer High. He did this bubble experiment, then lit the bubbles on fire, there was a huge poof of fire, it was quite a shock. I think maybe for him too. I will always remember that. He was such a fun, nice, and engaging teacher. Sending my condolences to his family and friends. What an amazing person you are Mr. Frank!

“ In the days since we lost Dan Frank I can honestly say I say his name at least a dozen times daily. He has left behind such an impactful presence that I am sure I will hear his voice guiding (and prodding) me for months and years to come. He was beyond generous, I resonated with Adrian referring to him as the “fix it” friend. He worked tirelessly to fix any situation in his path. My heart breaks for his wife and children and all that loved him. His work family in St. Lucie will honor Dan Frank’s memory by paying attention to data and working hard to make improvements. I will miss you Boss.

“*Like many have already said, Dan will be missed. I am still having a hard time wrapping my head around the fact that he is gone and I'll never have the pleasure again to hear his voice on the other end of one of our many phone calls.*

*As a union Vice-President, we often sat "across the table" from one another but were able to work collaboratively to solve problems. On most occasions, we both only wanted to help fix a situation. That was something that Dan was good at - fixing issues that needed fixing, and not trying to fix things that weren't broken. Each and every interaction with Dan started with a personal touch, getting to know each other, and just generally "checking in" on how the other was doing. I will miss those chats the most.*

*Dan was caring, kind, and truly fit the role of SLPS Chief of Schools. There will never be a replacement for Dan but I hope that we will all carry a piece of his good-hearted nature with us in all that we do. My condolences to the family and his many friends.*

“ Dan will be missed by all of us in his SLPS family. My heart goes out to his wife, children, parents and siblings. I still can't believe it. I will miss his stories about the students he interacted with while always out at schools. They inspired him. Reading these tributes shows that he inspired them too. His family must be so proud of his legacy.

“ *His parents are my Godparents and this truly breaks my heart!  
Danny was a big part of my childhood. We made many blanket forts  
and were always getting into something around the house haha We  
spent countless hours outside on the huge property they lived on in  
PA. I didnt see him much at all once he moved to Florida but so  
grateful I got to spend some time with him last year during my visit  
over Easter! It's very clear in reading comments that he was loved  
by many and will be greatly missed...especially by his family!*

*Dan was an incredible young man. His kind heart and caring attitude towards people in his life was always so genuine. If you knew him, you loved him. Dan was a true leader who others aspired to be like. Those who worked with him wanted to go above and beyond whatever he asked of them. He always wanted to make things better than they were. He was never complacent, always striving for more. He loved his family more than anything. Dan will be forever missed and forever loved 🥹🙏*

“ Lorraine & Ugo Antonucci

*As you read thru these memories, it becomes very clear that Danny was many things to so many different people and EVERYTHING to his family.*

*Danny was our neighbor; but he soon became a devoted, loyal friend. He was always there to help us, even before we realized that we needed help. He rebuilt our courtyard fence, enlarged our tool-shed, helped us move into our first house here in Jupiter and helped us secure our townhouse each hurricane season. I can still "see" him climbing up a ladder holding a full-size sheet of plywood on his back, a drill in his other hand and a mouth full of screws ready to cover our second story windows. Perhaps the best thing he ever did for us was to introduce us to his wonderful parents - our now forever friends.*

*As everyone else has said, Danny was a kind, generous, caring, respectful and completely selfless young man, who lived his life for others.*

*'Till we meet again, dear friend, you will live on in the hearts and minds of all of us who loved and admired you. You were a gift "on loan" to us from God and though it hurts to have to give you back we do so knowing that you have received your heavenly reward. How blessed we all were to have known you.*

*Our deepest sympathies to all your family and friends.*

“ I knew Dan as a colleague. Now I can't get the image of the last time I saw him, sitting across from me at my desk, out of my head. He was very approachable, dedicated, and humorous; always walking with a sense of urgency in his crisp white shirts. He will be missed and his impression on us all will be everlasting. Condolences to the Frank family.

“ As I read through all of the comments about Dan I saw a recurrent theme of statements. Dan was a kind, and caring individual. I agree. Dan made a tremendous impact on the St. Lucie County School District family and community, including myself. I found him to be a professional , extremely intelligent, easy to approach, friendly, kind and caring person. I thank GOD for the honor of having the privilege and opportunity to work with Dan. He, our SLCPS Chief of Schools, will be greatly missed by all. Praying for his family and for all those that loved him. Our loss, yet heaven's gain.

“ Mr. Frank was my sophomore principal, he would stand in the hallways before class started and would often welcome student's opinions or input about our school. For me it was a handshake or a fist bump, but I could tell that Mr. Frank cared about us. He was nothing but kind and professional. He was strict when needed but he cared about our wellbeing and wanted his students to succeed and to do well in life. Thank you Mr. Frank for being a great principal and looking after us.

“ Dan was my principal at Jupiter High School. He was the most accessible, friendly and reasonable boss I had ever known. When I left for maternity leave, he told me that no matter where I was, no matter what I was doing I would always have a job. He fulfilled that promise for me upon exiting maternity leave and was always there to answer a phone call. I assume God has his reasons for taking such a wonderful soul to join his kingdom. May Dan rest in eternal peace and may his family be blessed and comforted by memories.

“ We knew Dan since he was a young man. He was always kind, generous and a responsible person. I was proud to call him my friend. While we only saw him a couple times a year, he always treated my wife and I with great respect and happiness to see us every time. Our thoughts go out to his family and know he is in a better place.

“ There's really only one way to describe Danny -- a truly good guy. He was our first neighbor when my family moved to Florida, and right from the start, he was there to offer assistance with anything we needed. He went out of his way to help, always. If he couldn't help you directly, he'd find someone who could. Danny radiated kindness -- his smile was reassuring and comforting, and it let you know that his care was genuine. Danny did so much to help my family -- so much so, in fact, that his family is now a part of ours. We will miss him, but will keep his memory and the family whom he so loved close at heart. Sending love to all who mourn for our friend.

“ *Mr. Frank had a heart of gold. He absolutely loved his career in education. I worked with Mr. Frank at William T. Dwyer and he was simply amazing to watch. Mr. Frank was awesome dealing with his students. He will be missed more than words can express. He was a great person, father and husband. I will miss him dearly. He definitely changed many students by helping them find direction. There will never be another Mr. Frank. He was an angel and savior amongst us.*

“*Mr. Frank started an after-school workout program at Dwyer back in 2004. I was a senior. It was just myself and a few friends. I know that I was beginning to get myself into trouble and he saw that. He single handedly changed the direction of my life. I fell in love with fitness after that. Now I have a career as a firefighter, a beautiful wife, an amazing son, with another on the way. Fitness, to this day, is a huge part of my life and I still think about the after-school workouts everyday. They were absolutely brutal. Most others were afraid to workout with us. He helped me more than he ever knew. He cared about me and the rest of the students. Thank you Mr. Frank.*

*I first met Dan when I worked at Watkins and he worked at the North Area in 2007. I was his secretary at Jupiter High in 2014. He was the most accessible, friendly and reasonable boss.
