“ I don't know why it has taken so long for me to write here or any place else for that matter. Danny and I at one time in our lives was Inseparable. We worked together we clubbed together we did all the things best friends do. I lost contact with Danny many years back and many times thought and missed the times we had together. Without a doubt Danny was like my "BROTHER"! I do miss him! I think about him a lot since I been told of his passing. It hurts to think that he is gone but I can say this.. We WILL meet again one day soon my friend. My condolence go out to all his family. I stay strong outside my friend but I cry within!
