“ I've just learned, sadly, of Dan's passing. We talked within the last year and he did not mention his cancer battle. I consider Dan one of the brightest and friendliest faces and people in our tax industry in Florida. I too was born in 1958 and I met Dan at the TEI SALT school at Michigan State in April 1985. I still have the class photo. We hit it off immediately and spent the evenings over dinner and perhaps a beer or three. My friend Tom, who lives in Cleveland picked me up after the school ended and we drove Dan to Toledo and dropped him off to visit family. Dan and I stayed in touch ever since. He was that kind of person. You just wanted to stay in touch with him because he brightened your day on the occassion you talked. He brighted my day here and there for 27 years.

Big hug, Dan

“ I often told stories about my cousin Dan and if you ask anyone that heard any of the stories they would tell you that he sounded like a rockstar. Truth be told, he was! My top memory... I will never forget how much i worshiped a Jaguars hat that he gave me when i was probably about 13 years old. I am far from a Jaguars fan but the fact that my cool cousin Dan gave it to me made it the coolest hat. I am still not sure that i have owned a piece of clothing that had such star quality as that Jaguars hat did. I am a little jealous of those of you that got to spend more time with him than I did... until we meet again cool cousin Dan...

“ Dan will be sorely missed by his extensive family and a wide group of friends. Losing a husband, son, brother, friend is difficult. His memory will not fade, he left deep footprints in our lives.

“ I met Dan when the accounting firms we worked at, Touche Ross & Company for Dan and Deloitte Haskins & Sells for me, merged during August of 1989. Dan transferred from the Miami, Florida office of Touche Ross to the Fort Lauderdale, Florida office of the merged firm Deloitte & Touche where we shared an office. It did not take long before Dan became a good friend of mine and my wife. He was our best pal and buddy as he would often say. We considered Dan an exceptional individual who greeted people with a confident smile and a firm handshake. Dan always exhibited a tremendous work ethic evidenced by the respect and admiration he earned from his peers and people who worked with him. We often heard Dan speak lovingly about his wife Wendy and his mom Dona, dad Marv, his sister Dawn and brother Don. He shared with us stories about growing up in Ohio and his family and friends there. The love for his family and friends always shined through. A wonderful person has left us but he will forever be in our hearts. Rest in peace my good friend.

“ I have had the privilege of knowing Dan since we worked together at DWG back in the mid-80's.

Dan became one of my best friends through the years. We share a lot of fun times together and while the good times are fun to remember (and some best not to share!) there is a story that I would like to share that really shows the type of person Dan was.

A few years ago my stepdad was visiting me in Minneapolis. Dan, was also in Minneapolis working at a PGA golf event. He was able to obtain tickets for my Dad, provide my him with a golf cart and generally show my father a really nice time. All the while , making sure my Dad didn't over exert himself as he was in the latter stages of chronic heart disease. You would have never had known Dan was very sick himself.

My 22 year old son Kevin said it well "Dan was of the best type"

I will miss you very much, rest easy and in peace.

“ My thoughts and prayers to Wendy, Cory, Donna, Marv and the whole Seely family. I always looked up to Dan and my first clear memory of Dan was his cool matchbox car collection. He always had a smile on his face and could make anyone feel great by just being around him.

“ I loved my brother so much. He held such a special place in my heart and his departure from this world has taken part of me with him. It seems inconceivable that he will never again pick up the phone and respond with "My Sister" in his very kind tone. Daniel Howell was the hardest working person that I have ever met - I hope my children share some of those genes. He was fun and loving and smart. I admired and respected him for his entire life. He will be missed by me and my family but his memories will live in our hearts forever.

“ Dan was a wonderful friend and I will miss him greatly. He was just a really decent guy and had such a sincere way about him. Additionally, he had a great sense of humor and we had a lot of laughs together. I'm blessed to have worked with him and blessed he took the time to stay in touch after our career paths changed. Lastly I want to say he came from a really loving family and when he finally choose to marry he picked the perfect companion in Wendy.

Dan, I know I'll see you again and I'll never forget you buddy.

“ Dan is a gentle soul with a competitive streak that I saw firsthand in our younger days with the PGA. His legacy will be the Corporate Run, one of the great team-building events of the year for the PGA. I never saw Dan happier than when he talked about Wendy who in addition to lighting up Dan's life was a bright star for the PGA also. Our friend has passed on to a more peaceful place and we look forward to celebrating his life on Monday. Our deepest sympathies to Wendy and Dan's family. Joe
