“ David and I have been business partners going back 13 years ago. Very full of life, always strived to do better. Loved to challenge himself and every one around him. We were in Prepaid legal Insurance together and he was the top sales person in my team. It had been an honor to have called him my business partner and friend. He even gave me the status of sister he never had. That was an honor. We did not see eye to eye all the time but he was never too big to apologize and vice versa. He was a fighter till the end. I am at peace knowing he is out of suffering and pain free. Love you David, you will be missed..RIP.
