“ *I met Debbie while working at the old 400 N Congress Ave office . What a smart girl she was. We wound up working in Business Services together, and spent a lit of late nights crunching numbers . 😊 We shared a passion for detail and accuracy.. two peas in a pod. In 2009, Debbie, Diane Futter, and I took a trip to Europe to visit London and Paris. What a trip! We visitedThe British museum, the Tower of London, Albert Hall and Saul Buckingham palace. In Paris we went to Notre Dame, the Louve, And took a train ride to see the Palace of Versailles. We have course also made it to the Harley shop in Paris. I loved our birthday get together's and clinking wine glasses over good food. We had so many memories we shared. She was a gem and is going to be sorely missed. Love you Deb*
