“ *Working with Debbie was always great but when we went to separate jobs we didn't cross paths as much. Every now and again we'd call each other for advice or to plan continuing ed, etc. Every time, without fail, she'd say, "Hello, my friend!" It always rang so true the way she said it. Then the conversation would meander with at least one dog story; we'd get around to whatever the real reason for the call was eventually, but without fail, my day was brightened. I'll miss that. “ *I have great memories of doing pet therapy with Deb. A story that I share often is when she and I were going to a Christmas party in West Palm with our therapy dogs. We got lost in an area that a local resident noticed we were lost and kindly gave us directions to our event. We did recognize a street name since it was often in the news! We, of course, felt very safe because we had a Golden Retriever and a Maltese in the car to protect us! We had a lot of laughs over that.*

My condolences to her entire family. Know that she had a very positive impact on a lot of adults and children.

“ *To Deb's family - I'm so sorry to hear about her death. She was such a kind and giving person. I loved how she brought her therapy dogs to bring smiles to others. I fondly remember our time on North Palm Beach Country Club's tennis team. I think our jokes about our tennis game were better than our matches.*
