“ *I want to say how sorry I am. May the angels always take flight and be with us always. It is indeed very sad about the passing of a good friend or even a friend you barely knew. Neil Siegel is my brother and has sent condolences and I am following suit, as my brother Neil Siegel says, prayers out from Leslie Siegel.*

“ *My sincere and heartfelt sympathy to all of Denali's family, especially his parents. I have walked this road with my son who also lost his fight to pancreatic cancer. I pray you find peace and comfort in your loving memories and your family who loves and needs you. We cannot bring back our children but we can take them with us and keep their memory alive and honor their spirit and their strength. They have fought the good fight and wait for us in peace and free of pain. You will be in my heart and prayers.*

“ I am trying to raise as much money as possible for you. I am presently overseas working for a Christian Charity. I will ask my congregation and fellow Christian flock to make as much money as possible to send to you. We have been very successful in the past. I think we might be able to make maybe \$150,000 if that can help. God Bless My Heart is with you Dona. I cried when I saw all the videos of your beautiful family, and all of my supporting charity team were in tears. Pray to God your expenses can be taken care of.
