“ *Dear Jimmy & Family,*

I just heard of your tragic loss, please accept my sincere condolences.

I've been a client of Donna's (big and little) for over 20 years, and will always remember how fiercely she would protect her family if anything threatened. She was a devoted parent who cherished her family. I've learned a lot from her and will always treasure her memory... especially her deep raspy (and loud) laughter that punctuated all of our conversations.

I can't imagine how it must feel to have your world turned upside down and how hard it must be to face each new day without her presence. I hope it helps to know that she affected so many hearts and that so many will be holding you in their thoughts and prayers during this tragic time.

*With peace and comforting,
Kim Moore*

“ I am so very sorry for all of you. I knew your Mom in Jr. High and High School. When I moved to Florida in 2003 I had been back in touch with her. She was one of the sweetest, honest and often.. misunderstood people I knew. I will always remember the way she spoke and how she told me about her kids and family. She will be missed. May her memory provide you all with some level of comfort. I know there is nothing anyone can say to you that will make the pain any less. She is watching over all of you. I will pray for all of you. Again, I am so very sorry.
