“ *We have so many memories together from my parents fighting and her coming over to stop it or me staying the night and helping her make dinner. She was a very special woman and still is she has a very big place in my heart, its so sad to know she passed away when i was not even 7 but still 6 and just one day after my mothers birthday. She has left a very big hole in my life but i know now that she is in a better place and i will see her soon. I miss her so much and i love her so much*

“ Donna was Dr. Burch's dental hygienist when I was about 15 years old and I was his patient. She was so kind and always made you feel at ease. I never minded when I had to go to the dentist -the two of them were so good to me. Often we talked about Candy, who sat in front of me In one of my Jupiter classes. I will miss Donna. Whenever someone I cared for has passed-it helps to think of the verse, "Blessed are those who mourn, for they will be comforted." She was such a good soul, it radiated out from her.

“ Donna was not only a friend to us but she was Family. We would walk in the room and she was always there with a hug and kiss waiting for us. Donna gave motherly advice when needed. She always had a smile on her face and a laugh to share. Family Gatherings will not be the same without her. Donna we miss and love you. The Kelly Family.

“ The heart hath its own memory, like the mind. And in it are enshrined the precious keepsakes, into which is wrought the giver's loving thought.

“ Donna and I were married for 46 years and 8 months. It was love at first sight for me. I met her in the dentist office. Thank goodness after numerous attempts to get her to go out with me, she finally said yes, and it has been wonderful ever since.Donna was a very special lady. She was wonderful mother to our children Louis and Andrea. They will miss her greatly. And she was a special wife to me. She was a lady, my song for her was Tom Jones "She's a lady".Donna you will be always that and more. I will love you forever!
