“ *I am and always will be forever grateful for the wonderful memories I have of Doris, Dr. Dudley, Janie and Buddy, and Lee. I will always remember Doris's laugh and mischievous ways. She was the best and usually the center of all things fun. I remember meeting her for the first time. I was a nervous 18 year old in love with her son. She was so welcoming and it didn't take me long to fall in love with her and the rest of the family. How lucky I am to have known Doris.*

Most of all, I thank Doris for the wonderful family she raised. I am proud to still call Janie, Buddy, and Lee "my family".

Thank you, Doris, for the love, joy, and memories we shared through the years. Heaven is definitely a brighter place because of you.

“ My condolences on the loss of your mom.

I grew up in Lockport with "Lee" and had many common friends. My mother (Florence) also worked at the Lockport Country Club and has many memories of your father Dudley and your mother being at the club. She always thought the world of both.

We also had Dr. Dudley and your uncle as family physicians and can tell many "tales" about how they always helped us out- even to the extent of Dr. Dudley coming out to our house once when I was ill.

I would like to submit this memory on behalf of myself and my mother- she knew of no other way to make her condolences known.

“ I remember Doris well. She and my Great Aunt Ruth Shaw were dear friends! Many times I recall going over to my aunt's apartment on Ocean Dive and sharing a cocktail with her. Although most of my memories relate to her relationship with my aunt, I will always remember her wit and candid sense of humor! My aunt passed away in 2000. When I saw Doris's obituary in the paper, it prompted me to recall all of the special times those two gals shared, be it on the golf course or playing bridge, or having cocktails and dinner. I also remember her proudly talking about her daughter Jainie and the grandkids.

My condolences are with her family. Always remember the fun times you shared with her! May God Bless her and your family in this time of sorrow.

“ We met Doris 15 years ago, when we moved into 389 So. Lake Drive in Palm Beach, FL

We loved her for the first time we met her. Her quick wit and great smile were captivating.

We were so happy went Janie could drive her to The Chapel in Palm Beach some Sundays. We would see her and that smile and twinkle in her eye that we loved.

We will miss Doris but we know that The Good Lord threw the mold away when he created Doris!
