“ *To The Family, Peter and me (Catherine) have just a few memories of our interactions with Mrs. Mead, but they are some of our best memories. Me and Peter always remember what a kind and generous person she was. I especially remember when me we XLlived in Stamford, Ct. and we invited Mr. and Mrs. Mead to dinner, they came and I just remember having had the BEST time. God bless them BOTH. We love you Mrs. Mead. Love, Catherine and Peter Riley*

“ *My husband and children join me in sending our sincere condolences to all the family of this amazing woman, Doris. C. Mead. A member of "the greatest generation" she modeled fortitude with great humor and I feel so very fortunate to have shared in her life, and thank you all for that great blessing. A wonderful photo have I documenting a fond memory with her at LSC. May we all cherish the many decades of memories she has shared with so many in this life...with infinite more in the next.*
