“ Ed, we will miss having another great soul on this planet. You were always respectful and patient when working with us legal folks. Lisa Miller told me you were very supportive of her when she needed to handle serious family medical issues. I wish your family comfort and peace.

“ Let's raise a glass to Ed, a man, whom you would all agree, would do anything for the people he loved, the people he worked with, and people he cared about. There was no BS in Ed, which is why we loved him so much. You always knew where you stood, and you always knew what he was thinking, even before he said the words. A great friend who will always be in our hearts and will never be forgotten. Ed, we will do our best to carry forward the passion you had for this business and your legacy in all the great things you accomplished at Compass. Rest in peace, my dear friend, your Compass family will miss you dearly.  
May God bless you and your family, always 🙏

Always in our hearts and in our prayers 🙏  
Anthony G & family ❤️

“ When you travel extensively for work like we do, the lines between business and pleasure become real thin. Ed was one of those guys you always wanted to be around, he was always in a good mood! Years after we separated work divisions I recall the many times we would meet in cities around the Country for coffee, dinner, cocktails....he was just one of those friends you wanted to catch up with. It was those type of moments that made the downside of business travel turn in an instant. Kitchens all around the Country are a lesser place today, and every day forward Ed...I'll see you for coffee again one day, you will me missed.

“ Where do I begin? You were like a little brother to me. So many crazy and fond memories of you from when you were just a little kid. You will be remembered forever as one of a kind, sweet, funny, caring... love you “kid”.
