

## Florence Smith Milliot

February 17, 2022

Florence Smith Milliot peacefully passed into eternal life on February 17, 2022, at Trust Bridge Hospice of Jupiter Medical Center after a decades long and grueling battle with Multiple Sclerosis.

Florence was a Dean of Nursing at the University of Connecticut Health Center from 1969 until her retirement in 1992. She received her education at The Johns Hopkins University and Boston University and was an Honorary in Nursing Sigma Theta Tau. Florence was also one of the first Nurse Practitioners in the United States.

Florence loved being a nurse and an educator of nursing, arts and science. Until the end of her life, she could provide critical, clinical nursing insight. She expressed particular gratitude to cousin, Doris Schweitzer, also a retired nurse, Senior Bridge and Evergreen Private Care for excellent and thorough management of her last years and days, and to the Joseph C. Kempe Law Firm for the coordination of services and affection given during her time of transition
