“ *To the Roff family, I was a classmate of George at the Bronx High School of Science in '56. I currently live in Stuart, FL and saw his obit. this morning. I only knew him in passing, but did find his little quotation in our yearbook: " Never mistake kindness for weakness." Sounds like he lived his life that way. Condolences and blessings to all. “ I didn't know Dr. Roff but all I know is that he raised a wonderful son and Peter loved him very much. They had a mutual respect for each other that was not always spoken but very much there between father and son. Bless Dr. Roff and his family.
