“ Pops... You are and always will be remembered as a strong man, a mans man. You have been a great influence even though we were not as close as we could have been but time and distance is a factor that no one can change. Your great granddaughter came into this world on 12/31/2013 and we kept saying we were going to bring her down to meet you but unfortunately time took that away. She is beautiful and perfect in every way and she would have stolen your heart. I am truly sorry that we did not get that chance to see you and the chance that she missed to be held in your arms. You will always be remembered for everything that you were, for all of the good intentions that you stood for. You always meant well and you did so much good that only few people took for granted. Your life is celebrated and you are in a better place. I can't wait to see you again. You are missed, You are loved, You will never be forgotten. Enjoy your new life. We love you.
