“ Jack, I always remember you & sister Neta as a loving and kind brother & sister (like my other parents) to me and especially giving when I was a small child. You came on birthdays from out of town, and I came there at holidays and shared your summers spending time in your home with your family. You were always a generous person that I have good memories of all my life.

*Thank you and God Bless you.*

*Respectfully,*

“ A goodbye memory to my old friend. Have missed the good times we had working together at the Post Office in Jupiter and Tequesta. We sure had a lot of laughs. Also have missed our bowling fun on Fridays nights with our other departed Post Office Friends. Time has slipped by but the memories we shared through the 70's and early 90's have stayed with me since our retirement. .So with the old Post Office Slogan, "through rain, sleet and snow " Happy Trails Jack.
