MY

“ *Jackson was honestly one of the kindest kids I knew, always had a smile on his face. I always enjoyed our talks about cars at the inlet and countless drives at the beach. He had the biggest heart, everyone who had the joy to meet Jackson, know the kindness and laughs he brought to all those around him. I'll forever cherish our time together.*

“ Jackson Slater, the one and only teddy bear of jupiter. Im proud to say jackson was one of my bestfriends. he was one of a kind and was the most wholesome person i know. me and jackson have been friends for alittle over 2 years now and the memories weve shared together will be charished forever. Friends come and go and i know that first hand because ive had many walk away from me but jackson never did. Ive had some hard times in the last year or so and jackson was always there for me no matter what. our favorite place to be at was the inlet. when i tell you we would be there for HOURS, we would be there for hours. there was a point in time where me and him would go to the inlet at a certain time everyday and just jam out to music in eachothers cars and then go drive around. we had so much fun together. Jackson was one of the few people who really got me into cars. I would always be so intrigued to hear about what crazy modification he had done to his acura and i loved seeing how happy he was with that car. he was such an amazing and talented person. there was one time he had taken the back seats out of his acura, and we were at the inlet with people and we ended up taking his car down the road to the gas station and i was sitting where the seats had been before! such an uncomfortable ride but oh man it was funny and i will never forget that day. Jackson was the sweetest, most lovable, passionate, caring, and funniest soul known to this town. no one could ever be able to say something bad about jackson. the impact hes made on myself and plenty of other people is outstanding. i know losing him is very very hard for an enormous amount of people in the town of jupiter but he will always be loved and cherished by us. his hugs were the best. he was a big teddy bear, big J. i wish i could get another big hug from him. I know Jackson is up there building his dream cars and racing other cars up there and having fun. hes also watching over us and making sure were okay. i know hes okay and now all we can do is live for him. I want to thank jacksons parents for having raised such a beautiful soul. you guys are amazing parents, to jackson and to lauren. my miata build is for jackson now. i love you to the moon

and back jackson. you will forever be in my heart. god bless his soul and may you rest easy. thank you for being the bestest friend i could ever ask for ❤️❤️
