“ *Where do I begin? Jay is funny, generous, quick with her comebacks, knows about a little thing about so many things especially about baseball, football and of course golf, a terrific nurse and nurse leader. She has a loud bark but really has the kindest heart. I had the privilege of working with Jay in the ICU and Ep lab and made those long hard working hours tolerable with the abundance of jokes, laughter and the good camaraderie. She is a loyal friend and a staunch defender of the weak in society. Greg she loves you very much and I know her cat will miss her too, also her "my friend Jeanne". E and I will miss her as so many of her friends in the JFK family. Goodbye to you the "young and attractive" Jay Mordacz...*

“ *Our prayers, deepest sympathy and love to you Greg and Jay's extended family, the Durdens. Jay was a deeply caring person who gave 100% of her self to her family, friends and patients without hesitation or the expectation of anything in return. She had a quick dry wit that made everyone smile and rather it was on the golf course or having a libation, it was always a good time with Jay. She will be sorely missed by those of us lucky to have known her. Be at peace now Jay and shoot par every round on your new home course. Karen and Jaye Saline.*
