“ To my Father -You made quite an impact on the lives of so many people because you always did right by the ones you cared about. I learned so many lessons from the way you lived your life and I will always live with those lessons at heart.Here's a line from the song I wrote you as I remembered how you used to enjoy my music:I just love it when you smile because I'm singing your songI just love it when you laugh because you can't sing alongWe don't care that we're of key as long as we're togetherBecause we know this won't last forever.May you rest peacefully and be rejoined with your brother and father in spirit.
