“ *Joe, a little over a year has passed since we lost you. I did not realize that this page existed until just recently. I just wanted to say that you were a wonderful Uncle, role model and friend, and I cherish the memories of my childhood and all that you did for me. Whether it was showing me how to play the guitar, providing me with advice and guidance, or simply standing over the BBQ on many a Sunday afternoon while we waited for another excellent meal, you were a great presence in my life. Though you will always be missed, you remain in my heart and mind, and I'm know you remain in the hearts and minds of all the people that you touched in your life. With love, your nephew, Paul.*

“ *To my beloved uncle, may you rest in peace. My most treasured childhood memories of the great times we had barbequeing and swimming in the pool during summer vacations, the best tasting sangrias you made, and my love of classical music and opera from all the wonderful music you listened to. I love you always and will miss you.*
