“ I remember going to Grandma's house on Holidays and ever-time she see me she will call me junito , Grandpa Gabby tio's Papo, Frankie, Anthony and my brother William we would sit in the living room to watch the massive VHS collections of movies. Also my mom and titi Michelle, and Jennie. That is one of the best times I remember It's amazing how time has passed so many years ago. We are left with lasting loving memories good bad and even though years has pass I know that she is in a better place smiling down on us with Gabby and all of our love one that has pass she letting us know that she is fine and they all are looking down on us.

“ I remember going to Grandma's house on Holidays and ever-time she would squeeze my cheeks and call me wee wee. Grandpa Gabby tio's Papo, Frankie, Anthony we would sit in the living room to watch the massive VHS collections of movies. Also my mom and titi Michelle, and Jennie. That is one of the best times I remember It's amazing how time has passed so many years ago. We are left with lasting loving memories good bad and just indifferent ones. I know that she is in a better place smiling down on us with Gabby and letting us know that she is fine.
