“ *I met Juliana while working part time at the Marriott Hotel. She was a loving and caring person and it was hard not to become attached to her. She had a way of bringing light into the room and making it fun. I only wanted to work when she was scheduled to work; It just wasn't the same there when she was off. I followed her to PGA National as well. I loved her enthusiasm for Halloween and how she always looked forward to this time. It's no surprise that October is when she passed. She will always be in my heart, you will be missed Juliana.... I admire your strength and courage.*
