“ *I will always remember the fun times we spent together--working on school projects, hanging around Lawrence Street, and just being close pals. I often think of those times and regret that we lost touch in the busy years of raising our families and moving far from one another. Be at peace.*

“ *I will always remember your warm smile and tender heart, Justine. Sorrow fills my heart to think I will not see your beautiful face again. But I rejoice in the knowledge that the burdens of your body will no longer weigh on you, and your soul will fly at last, freely to God's beauty, and to drink in His love. Now your true life will finally begin to last forever. The choirs of heaven are now filled with your beautiful spirt! You will remain in my heart and prayers always.*

“ I will miss my choir friend. Never did I see you without a smile or an upbeat look at life. You had so many different trails but never complained. I am so happy that you are in heaven finally getting that rest you so always needed. But know in our hearts we miss our friend and one true wonderful loving person. You always put yourself on the back burner. Now rest in peace. For in this world it is the memories you make with the people you love, that live long after you leave this earth. You memory brings a smile to us and all those who knew you . Your legacy is your big heart and kind smile. The good you always did while here on this earth lives on in all those you touched. What a wonderful testament to the person you are.

“ I have learned from losing a Mother and a wife both at very young ages that the timing is never right for us no matter when the ones that we love the most are taken especially at such an early age as Justine! I do know that the pain is always greater for us that are left behind but the memories do last forever with the Promise of us all one day being together again!

God Bless to all of the Hayes Family!
