“ *It has been a long time but I fondly remember the McIntosh house as a fun place to play as a kid. I grew up in their neighborhood and spent a lot of time with Keith and Jim. Sorry for your loss, he was a great guy.*

“ Life has taken me far away from the family, but I have often thought of the time I stayed at Uncle Keith's in Horseheads for a wedding when I was quite young and of the Monte Carlo he sold me when I needed a car to get to college with. While not near in person I have never lost thoughts of all of my McIntosh family. Uncle Keith will be missed, but not forgotten. My condolences to my cousins.

“ Keith was a contemporary of mine, me being Susan's father. I talked with him many times over the years at the lake. I always found him to be welcoming, warm and very interesting to talk to. We will all feel a great loss.

“ Keith was an older first cousin that I knew from the large family dinners that we attended as children. When I was in college, he gave me the opportunity to work for him for a short time. After that , he became a friend as well as a relative and welcomed me into his home frequently over the years. He will be greatly missed!

“ I never saw that much of Keith as I was growing up --- he was a good bit older --- but he was my inspiration to apply to Syracuse University for engineering. I was accepted but did not attend for several reasons. Still, I'm glad he touched my life in that way.
