“ *It was in great sorry that I learned of Larry's passing. Larry was one of the mainlanders and I remember our long bus rides over to A/C. We usually were trading homework assignments and joking around on the 45 min ride over to A/C. Thanks for all the great times we had together as classmates. Ed Long*

“ *Larry and I worked together for many years at Pratt & Whitney. He was a wonderful coworker, liked by all, always willing to help, and always with a smile. To his surviving family, you should be very proud of the work ethic he displayed and the example he set for others to follow. God bless all. Arthur Cox*

“ I will miss talking to my friend Larry most days when I walked by with my dogs. He was usually there with a ready smile and a cheery disposition to greet us as we came by. Frequently he would be working in the yard, on the house, and take a 5 minute break to chat. We talked about my coming by one day to have a glass of wine with him and Linda and get to know one another better, but we never did, and now, sadly, that chance is gone. He gave me words of encouragement re. my job search and my career. I gave him words of encouragement re. his travel plans, his surgery, etc. My walks will not be the same without Larry. He will be sorely missed.
