“ *We are saddened to learn the passing of Larry a dear friend and neighbor. We were next door neighbors for many years. He was a great neighbor to us and his friendship will always be remembered. Larry was a walking Sports Encyclopedia and could always provide team and player stats. He was a diehard New York Giants Football and New York Mets Fan. While neighbors we went to Miami and watched Marlins and Mets Baseball. His favorite College Team was TCU which he always watched and kept track of. Condolences to the family. Rest In Peace our good friend. Charles and Margaret Ecker Vero Beach, Florida*
