“ *I worked in the nursery at the Jupiter Home Depot. I knew Linda from answering phone calls from needing a sku or to load a customer. In the break room each time seeing people clocking in/out or having lunch. Although I didn't know Linda very well. I'll miss her presence. She was an integral part of the everyday life there. Love ? and Light to all. Laura Hart*

“ Linda visited me at my home in Charlotte in October 2013. I invited our cousin Bob and his wife Diane to join us and two of Linda's friends drove down from Durham to see Linda also. We had a great time laughing and sharing old stories. My favorite memory from Linda's visit was when she asked me to take her out to find some Fall colored leaves so she could take them home with her to Florida. She had not seen Autumn colored leaves in 20 years. I have some photographs of her picking up the leaves and gently holding them in her hands and being amazed by the colors. She wrapped those leaves in plastic as if they were precious gems for the trip back home. I will treasure the photos I have from that visit. Linda was like a little sister to me when we were growing up.
Rest well in the arms of the angels honey, I love you, Diana xo
