

Morgan Alexandra Perholtz

February 14, 1990 - December 4, 2023

Morgan, 33, passed away on December 4, 2023. Morgan was born on Valentine's Day, February 14, 1990, the daughter of Ronald and Maureen Perholtz of Jupiter, Florida; sister of Jeffrey Perholtz (Misty) of Covington, KY and Michael Perholtz of Eugene, OR; granddaughter of Virginia and (late) Joseph Perholtz and Joan and (late) Walter Oates. She is also survived by many aunts, uncles, nieces and nephews.

Morgan was always a vivacious and curious child. She enjoyed being in the middle of all that was occurring and would let you know if she approved! As a child, she was full of energy and raced around, here and there, getting into mischief at every turn. Fittingly, her late grandfather once said, as Morgan was enroute to visit, that "light and lively" was on her way!!!

After graduating from high school, Morgan began working at a salon as a receptionist for several years and then moved on to becoming a flight attendant for an airline based out of Washington, D.C.

Morgan deeply loved her father and mother and turned to them for comfort throughout her life. In life, Morgan dealt with some tragic circumstances. We pray that Morgan is now surrounded by peace!

“ *Dear Morgan, What a beautiful name you have and what a beautiful young woman you are. I am a long-time friend of your Dad's. You and I actually talked one time. I was so hopeful for you. I know Ron loved you very much and you loved him. I so wanted the best for you in every way and I guess I drove your Dad crazy about it. While we never met, I will miss you. I always felt that if you were with Ron, Ron would be ok. Keep an eye out for your Dad now that you are in Heaven and enjoy the peace and love you find there. Love, Bobbie*

“ I am devastated to read the news of Morgan’s passing. Morgan and I grew up as neighbors throughout elementary school, and so many of my most formative memories include her and her family. My first sleepover was at her house. My first time riding a bike to school was with her and her dad. My first time seeing my eventual first dog was with her at Preppy Puppy next door to the movie theater we often went to; she even helped me name him by creating lists and brainstorming names with me in her room. First time kayaking, first haunted house, first time having Maryland style blue crabs (caught behind our townhouse!), first time “babysitting,” first time listening to Jewel, and so many others firsts were spent with Morgan, one of my very first best friends. She was always so naturally beautiful and so full of light. So loved by everyone she encountered. Morgan and I sadly lost touch after I moved away from Jupiter in middle school, but I still often thought of her, and continue to do so today. Even as kids, I knew she had dealt with so much heaviness at such an early age, but she was always so strong through it all. She was an amazing friend, and an amazing human. I wish I had stayed in touch more, but I hope she is finally resting in peace now. I’ll miss you, Morgan, you sweet, sweet girl.

“ *Morgan- We love you and we were so sorry to hear of your passing. We live in the hope that your spirit is now free from any and all things that brought you to a place that that made you feel hopeless. We will cherish the memories of your laughter, the times we shared at the beach and the joy on your face during your road trips with your Dad and Tyler. We hope that little girl in you will once again shine, born anew in place that struggles no longer exist. We always loved you and we always will. Patty, Greg, Tyler, Shannon and Tara and Bridget.*

“ *I have known the Perholtz family for a long time. Morgan was like one of my daughters to me. She will always hold a special place in my heart. Morgan was beautiful inside and out, and will be forever missed . She will forever have a special place in my heart and will always be loved.
My condolences to the family. Love and blessings to the family.*

*Love always,
Jennifer*
