

Norman Crump Sudduth

February 17, 1937 - February 17, 2017

Norman Crump Sudduth, 80, passed away on February 17, 2017, after a very brief illness. Norman was born in Birmingham, AL, on 12/21/36. He attended college and medical school at the University of Alabama (Roll Tide!). On May 4, 1961, he married his high school sweetheart, Rebecca Julia Martin. Dr. Sudduth served as Chief Pathologist at JFK Medical Center, where he was held in high esteem, for over 35 years in Atlantis, Florida. Norman and Rebecca had three daughters who were devoted to him. He enjoyed his work and had a lifelong passion for learning, which he was eager to share with others. He especially enjoyed exploring the topics of religion, economics, and the effect of natural herbs on cancer. Norman and Rebecca split their later years between Jupiter, Florida, and Jackson Hole, Wyoming.

Norman is survived by daughters: Susan (David) Durant, Shaun Weiler, his brother, William (Michele) Sudduth, and 5 grandchildren: Samantha, Aimee, Remington, Evan, and Grant. He was preceded in death by his wife, Rebecca, and his daughter, Shannon.

A celebration of life service will be held at Taylor & Modeen Funeral Home in Jupiter, Florida, on Tuesday, February 21, 2017. Visitation is from 4:00-5:00 pm, with a ceremony of remembrances beginning at 5:00 pm.

Tribute Wall

“ *Norman Crump Sudduth*

October 22, 2023 at 10:17 AM

“ *I met Norm when I started off in Pathology practice in 1996. It was an exciting time for me which was shared with Norm. Through his kindness and generosity, I began my career doing locums for him which was his way of getting to know me. Great man. Will miss him dearly. I would like to honour him by living a significant life with his spirit ...*

Charles Yee - Clarkston, MI - Coworker - October 26, 2017 at 12:00 AM

“ *We are saddened to learn of Dr. Sudduth's passing. We met him through Remi in Boy Scout Troop 711. Dr. Sudduth was always a delight to chat with at our various events and meetings. We're sure it was a proud moment for him when Remi achieved his Eagle Scout rank. We send our thoughts and prayers to the family and hope that memories of Dr. Sudduth provide you comfort.*

“ After leaving the service today, I am left with a profound sense of wishing I had been better acquainted with Norm. He left such an impact on all who knew him, that is apparent-from his dear brother to colleagues to grandchildren. To his loved ones left behind -- you have been left with the legacy of a man who lived life to the fullest and left you with many memories and knowledge to pass on to your loved ones. What a beautiful memorial to a man who will be remembered very fondly. God Bless.

“ Norm opened his home to me when I didn't have anywhere else to go in Jackson. We became good friends and he was very eager to share his knowledge in pathology, cars, cures for cancer and other profound subjects. I learned a lot from him and he has made a small footprint on my heart. Thank you Norm for showing me generosity, kindness and your wisdom.

“ I am at a loss for words. I first want to tell Norman's family how deeply sorry I am for your loss. I am in shock and sorrow for losing my best and dearest friend Norman. Talking about God and alternative medicine and family and Wyoming....so many incredible memories. To lose both Becca and Norman so close together is so hard. They are together with their daughter, they are happy. We are left to pick up our hearts and carry on. May God carry you all through this and I will pray for you all. With love and respect, Adelle

“ I was so very lucky to have worked with Dr. Sudduth at JFK. I worked across the hall from him and he would stop by often to share his views on whatever the topic of the day was. He showed my my first autopsy! Dr. Sudduth was a rare individual and I feel fortunate to have known him. RIP

“ I was so fortunate to have worked with Dr. Sudduth at Boca Raton Community Hospital in the early 1970's. I still have the wedding gift he gave to me and my husband in 1974 and will always cherish it. My niece, Lisa Davies worked with him at JFK and was a fervent follower of his healthy living principles and natural medications. Dr. Sudduth will always be remembered by those who knew him and worked with him as a wonderful physician and a great human being. Deepest sympathies to all his family. The world has lost a great man - gone too soon.

“ There has never, in my life, been a more kind, compassionate, considerate individual. More than anyone, he changed my life for the better, and his kindness is the kindness people see in me. I never could have accomplished what I have without his support. I miss him terribly. I know I am not alone.
