“ *Pat will be greatly missed. I had the opportunity as an attorney to work with Pat for many years. She was a delight to work for and with. Pat was so dedicated to her profession-knowledgeable, efficient and helpful. We spoke often and Pat was always upbeat and kind. I can't say this about all clients, but with Pat I always looked forward to speaking with her. I am so happy we were able to talk her last few days at the bank and express what we meant to each other and how we valued our long time friendship, Pat's outward strength during her battle with cancer was inspiring. When we spoke of our children she also conveyed her pride in her son. I am so fortunate to have known you Pat and will greatly miss you.*

“ Michael and family, having been neighbors in the early years of your life, your mom and I became friends. She and I constantly remained in touch after I moved from West Palm Beach in 1989. Even though we were separated by miles, we would catch up every year just like it was yesterday. She will always remain in my heart as a giving, loving person. I am so sorry for your loss. Praying for you and your precious family.

“ My son Andrew and Michael were roommates at Florida State and we met them both on orientation day for the first time. Oddly enough, we had just moved from Connecticut to Lake Worth and discovered that Pat and Michael lived only a few miles from us! We have stayed in touch over the years and unfortunately I have seen Pat more frequently in recent years due to her illness and my work in health care. I will miss her smile, her joy and her caring. Rest in peace my friend and thank you for the memories.

“ I met Pat when I moved into Baywinds 4 years ago. She was very welcoming, warm and wonderful. She was so proud of Mike and his success. I remember we watched a rocket launch from outside about 1:00 in the morning. It was my first one and she was so excited pointing out the brilliant trail in the sky. She knew exactly where to look in the sky to see it. I think it was either the first launch when the booster rocket landed upright on the barge or the second one. Her courage and determination are an inspiration to me. I am honored to have met her wonderful family a few years ago as we celebrated her birthday. She will be missed. My deepest sympathy.

“ I met Pat when I moved to FL and started working at Florida National Bank in 1979. We became roommates soon thereafter, and made some wonderful memories. Thank you for being a bright light in my life. I cannot imagine the pain and loss being felt by your loved ones. My heartfelt condolences to each and every one of you.

“ My deepest sympathies for Pat's family. I met her when my brother Al and Christine were getting married. She made us feel so welcome as all Christine's family did. She loved life and her family to the fullest and shined when she talked about them. Many prayers for her family during this difficult time. Cherish all your memories.

“ Our sympathies to Pat's family members, particularly to Michael and his family she was very proud of you. She was so happy to have grandchildren and loved to show them off at the bank when she could. She stayed strong throughout her battle when asked she would say that she was doing fine, and you could just tell that she meant that she was just not going to give up. Her tenacity has been an inspiration. She spoke often about the help that her sisters and daughter-in-law have been these many months, and how she could not have remained so focused on beating this disease without their support. She remained steadfast in her professional commitment throughout, and simply put her resolve and dedication to the company that she helped to build, and the team that she assembled was incredible. The Palm Beach Community Bank team will all miss Pat. We are honored to have known her and worked with her for these many years.
