“ I was to send my condolences to the family..Dr. Mandala was my pediatrician and when i became a Hairdresser i needed a physical. He told me i could still see him even as a adult as long as i felt comfortable. I saw him in Good Sam many years later and to my surprise He recognize me... I will miss him

“ I am so very sorry that Paul has left us. My condolences to Leslie, Caroline, Sally, Pauline and the grandkids and rest of the family. He was wonderful, loving and generous, interesting, a good friend who always had a story to tell. His wine tastings at Oceancrest were not to be missed. What fun we had! God bless you, Paul.
