

Roberto Jose Marin

June 23, 1953 - August 12, 2021

Roberto Marin of Jupiter, Florida passed away August 12, 2021 at the age of 68 years young. Roberto leaves his wife, four children, and a granddaughter.

Roberto loved his family. He enjoyed cooking for his family, watching movies with his sons, and watching his granddaughter run around the home that he built.

Roberto worked very hard so his family didn't have to, a workaholic. He was a man of few words with a gaze that had seen the world. A stoic man.

Roberto Marin was a dedicated father and proud veteran of the United States Marine Corps combat engineer and drill sergeant.

Roberto was a spiritual catholic who trusted in Jesus. Que descanse en la Paz del señor. May he rest in God's glory

“ The Marin family has been our much loved neighbors for twenty years. We have each other's children grow, supported each other through difficult storms and celebrated together at special occasions. It is hard to imagine Robert no longer part of our lives. Our hearts are grieving for our most beloved neighbors. We are here for you always.

“ Roberto had such a deep passion in his work, a dedicated superior who trained and mentored me some 20 years ago, that till today has such a profound impact on my career. Roberto was a man who speaks volume with his actions. More importantly, he invited my wife and I to his home to meet with his wonderful wife and kids, which warmed our hearts when we first came to this new place God brought us. Roberto worked so hard and cared so much for his family, a testimony to all he touched in his lifetime. I remember Roberto’s grin in the midst of a stressful workday, I’m sure God is welcoming Roberto with a grin now, well pleased with his walk on earth and will continue to look after his family. Roberto has fought a good fight, finished the race and kept the faith.

“ I’m deeply saddened by the news of Roberto’s passing. I worked with him at three different places between the late 1980s and 2000. I always found him to be a kind, helpful soul who would take the time to help others with their work. For that I’ve always held him up as a standard to emulate. The way he worked to get his engineering degree and become a professional engineer was another outstanding accomplishment. He will be sorely missed.

“ *My sons and I had the pleasure of meeting Roberto and his family when my sons were training down in Hialeah Florida. He was a dedicated family man and a proud United States Marine veteran. Guess that is why he and I bonded and had so much in common. The world has lost a great human being and our Country has lost another Patriot who served his Country!
God Bless and Semper Fidelis my brother in arms.
