

## Rory John Doran

September 24, 2002 - May 4, 2022

Rory John Doran, 19, of West Palm Beach, Florida, beloved son, brother, grandson, nephew, cousin, and friend to many, passed away on May 4, 2022. Rory was born on September 24, 2002, in West Palm Beach, Florida. His laugh, his smile, his energy touched everyone who met him and radiated every room he walked into. He was someone who always stayed true to the person he was. He was one of a kind, incomparable to anyone else. He was a true creative and artistic talent who loved to let his work express everything about him, he also had a strong passion for skateboarding.

Our hearts are shattered. We love him so much. We will miss him until the day we will be reunited in heaven. Rory is survived by his parents, Michele and Tim Doran. Along with Susan Vairo. His grandparents, Dorina and John Doran, Penny Boyd, two sisters, Courtney and Payton Doran, his brother, Tristan Doran and his Grammy Alisa Genzer. Along with his many aunts, uncles, and cousins. He will forever be unconditionally loved by many.

“ *This is so sad... you were always the one kid that was always goofing around and fun to be around. I know we didn't talk much when we got older (people just drift apart naturally) but you we're apart of the better part of my life. I met Rory at Camp Woodward week 12, 2015 he was always the cool guy and very funny.. he could make u laugh for miles! I remember one time at woodward I didn't have any money for a julep at the canteen and Rory bought me a julep cause he saw that I was outta of money. A real friend. Then years later I ended up sleeping in his room for the damn am contest in NYC at the LES Skatepark it was like 5 or 6 skaters in 1 room. I live in the Bronx and could've just went home and came back but Rory told me no need I can just stay with them for the night so I don't have to waste hours getting to the park cause his hotel was 1 block away from the contest. This is the Rory I will always remember. The Rory that would help people out and then crack jokes the whole night having a room full of people laughing. Love you to Infinity.*

*My condolences to his parents, I'm so sorry for your loss. Nothing can match the pain of loosing a child.*

*Sincerely, Shakor aka @lilkorp*

“ We were so blessed to have had you in our lives for 19 years, Rory. While we know this is a short time here on planet earth, we know you are moving mountains from heaven. Somehow, some way, we know that miracles will occur because of you - In our family, in your music community, and in the world at large. We know you are at piece and sending sign upon sign that you are with us all. And even though we never got to see you in person all too often, because of the distance, you were and always be in our hearts. Cousins forever. You changed our lives, and we are dedicated to bringing forward something beautiful and healing, to carry on your legacy. Let the healing begin. Soar through the universe and send us your good vibes...we will be watching for you.

*Tim, Michele. Susan, Courtney, Tristan and Payton...we love you and are here for you all. Let the healing begin for everyone who was touched by Rory, as his family extended way beyond our family of origin. God bless you all during this incredibly bittersweet time.*

*~ Dorina, Steve, Justin, Brendan and Julia Leslie*

“Rory touched so many more lives than he realized...myself, being one of those many. He had a heart of gold and let me say, he was witty! We shared so much laughter!!!! I loved his beautiful, infectious smile, and that smile is how I will always remember Rory. I had the privilege, and honor of getting to know Rory, and for that, I am truly grateful. A piece of my heart has gone with him....  
My prayers go out to the family...I will keep you all lifted in prayer.  
Lilia

“Rory was a special soul who touched many, myself included. I had the pleasure of getting to know Rory and I feel truly blessed for the opportunity. He was kind, thoughtful, funny and had a huge heart. I will miss Rory and a piece of me has gone with him. His family and friends are in my thoughts, prayers and heart at this extremely devastating and difficult time. Beth
