“ *Sandy was a supervisor, mentor, and friend to me. I worked with her for year at Keystone Tall Tree Girl Scout Council and we had many adventures during that time. And then, as my teaching career took off we continued to stay in touch. She traveled across the country to attend my masters degree graduation several years later. And when I earned my doctorate I traveled to Florida to visit her there. We always enjoyed a good hike. To Tim and Travis and their families, I send heartfelt condolences. Your mother exemplified kindness, thoughtfulness, and the best that a human can be. It was my honor to know her, work with her, and learn from her. I am saddened at her passing.*

“ *My sympathies to Sandy's family. I will always treasure my friendship with her. We worked together at Keystone GS Council in PA & later kept in touch as we moved on to other positions. She was a wonderful friend and role-model, always with helpful advice. I loved her spirit - always full of life and anxious to experience her next adventure or challenge.*

“ I have many fond memories of working together in Western Pennsylvania at Keystone Tall Tree GS Council where Sandy saved the day many times with expert advice and humor. Our friendship continued at the GS Field Center in Chicago and years after that visiting in Florida. I remember spending days in Oak Park with Travis when Sandy was traveling to one of our Chicago Field Center councils. Family was always important to Sandy regardless of work demands. My thoughts and prayers are with you all, Don, Ann, Tim & Travis.

“ Tim, I was so sorry to hear of the passing of your Mom. Sandy was responsible for starting my career with Girl Scouts almost 20 years ago. I learned much from her and appreciated her commitment to both family and Girl Scouting. She was a great role model for me as I started my own family while balancing a busy career. I will remember her fondly and will keep you all in my thoughts and prayers.

“ Dearest Sandy,

What a wonderful time we had at Morehead in Mignon Tower North! You were responsible for me dating Morton, so that you could date Jim Ed, but I love you anyway!! Ha ha. I know you are laughing at me and remembering our nightly trips to the pizza parlor in our PJ's under our raincoats! We wrote for so many years after college and you even came to see me in Florence Kentucky. All you talked about were your boys. We took them and my son to the mall for pictures with Snoopy -- I still have that picture. I am so glad I found you in Tequesta and got to visit you a few times. I was so happy when I told you about our roommates and left out one and you asked me, "What about Shirley." So I told you all about Shirley. All of my memories are precious. You were a good friend, a determined student, a hard working employee, and a wonderful loving mother. I know you have many jewels in your heavenly crown and I hope to see you there.

Love Patsy

“ Sandy was one of my best friends for over 40 years. When I think about our friendship, I am reminded of the familiar words to the old Girl Scout song: "Make new friends but keep thee old. One is silver and the other gold." Sandy was one of my gold friends in life. We worked together as Field Directors for Wilderness Road Girl Scout Council in KY in the 1970's. Even though our life journeys took different paths in the late 70's that meant living in different cities, we still stayed in touch through letters and phone calls. For 20 years, we made an effort to take a 3-4 day "girls trip" vacation together in the summer usually to places we had not been to before....our mini bucket list. Sandy loved her family....adored her two granddaughters that she was able to watch grow up. She also loved her work as a Girl Scout Executive Director in Florida. She was a good friend to all who knew her. Sandy will be greatly missed.
