“ My Aunt Fran was one of three aunt. They were all wonderful. I've seen pictures from way way back when I was a baby. Her and Uncle Alan holding, carrying and toting me everywhere . As I became a toddler there they were still holding, carrying and toting. Over the years I became older and started a family of my own. She was there to see my children grow. Plus they had the chance to know her. For that I'm thankful. I was also blessed when she got to see both of my grandchildren in the hospital after they were born. They really didn't get to know her has I did. But they would have been very proud to have her as their AUNT just as I was.

Love You Always,
Connie

“ We are terribly sorry for your loss.
We are sure that she was an incredible and lovely woman, that was loved from so many people.
She is watching and caring for us from above with a smile on her face.
Even though we have lost her physically, we still have her spiritually in our hearts and memories.
There shouldn't be sadness, but there should be happiness and warmth.

“ Grandma Dias,
I will miss the looks you always had when you were second guessing a decision I was going to make and then you would turn out to be right. But you never applied anger but rather advice on how to do it differently next time. I always felt welcome in your home. I will forever be thankful for showing me how to love a spouse. I know you will be missed here. But I am quite certain you are happy to be with your husband again. You will be missed greatly. I feel like I just lost a member of my family. My prayers are with you and your family.
